RE: Business Opportunity Rule, R511993

Dear Sir or Madam:

I am writing this letter because I am concerned about the proposed Business Opportunity Rule R511993. I believe that in its presented form, it could prevent me from continuing as an Independent Consultant for Xtreme Health Formulas in Southern California

Originally, I started my Network Marketing because of the products I loved them and wanted to earn some additional money. Now my family depends on this extra income to supplement our budget. Please don't destroy my small business we need it!

My husband and I are now on Social Security and this is the way we supplement our income.

Some of the sections in the proposed rule would make it hard or almost impossible for me to sell my products thru Xtreme Health

This waiting period will give the public the idea that there's something wrong with me or our plan and also reflects badly on me. I also think this seven-day waiting period is unnecessary, because Xtreme Health Formulas ready has a 90% buyback policy for all products including sales kits purchased by a salesperson. As well as a 30 day money back guarantee on all products even if it is any empty bottle.

One of the most difficult sections of the proposed rule is the seven day waiting period to enroll a new Distributor.

Xtreme Health Formulas sales kit only costs 0 to purchase – the distributor is only purchasing product for as low as \$49.95 for a month's supply. People buy TVs, cars, and other items that cost much more than that and they don't have to wait seven-days. Under this waiting period requirement, I will need to keep very detailed records when I first speak to someone a prospect and will then have to send in reports to my company. I am a small home business and this burden will hurt or destroy my business. This proposed rule is bad

Finally, the proposed rule requires the disclosure of a minimum of 10 prior purchasers nearest to the prospective purchaser. I am glad to provide references, but in this day of identity theft, I am very uncomfortable giving out the personal information of individuals (without their approval) to strangers. Women in my organization may be subject to sexual or racial harassment so this part can't go in at all, unless the FTC passes an addition to this rule Prohibiting sexual or racial attacks related to this disclosure. In the end the rule must bind the FTC to take direct enforcement action on sexual and racial attacks with a special unit assigned to monitor actions related to the disclosure forms.

I have seen many scams on the Internet and been approached by many crooks because of my success. This rule will do nothing to stop them. They hurt my business! This rule will not stop Crooks – they violate the current rule all the time. But I am a good American citizen and it will hurt me. Thank you and please help me.

Sincerely,
